Date given to evaluator _____

Date needed by Health Professions Committee _____

The student has: Waived _____ Not Waived _____ FERPA access to the letter as indicated by signature below.

Signed _____
name of student

To those writing evaluations for health professions letters

The above named individual is applying for the type of health training indicated. The Health Professions Committee is in the process of writing a composite letter. We are asking for two to three substantial paragraphs from you that we can quote verbatim in the letter. The Medical Admissions Committee is most interested in unique things you may know about this person along with the usual academic or character assessments. I would especially appreciate it if you could back up any adjectives you use, such as compassionate, intelligent, leader, etc., with brief illustrations from the person's life. They already have information about academic standing, so this other information is more valued. Your letters are very important and without them no Gordon College student could qualify for admission. The deadline listed above is important as the delay of a medical letter can adversely affect the application.

The applicant and the Health Professions Committee thank you in advance for your efforts. If you have further questions, please contact me at craig.story@gordon.edu.

Please mail a signed copy on letterhead to the address below. It is also very helpful if you send a digital version of the text, as we will be including it in a composite letter, that may be emailed to Margie.roaf@gordon.edu.

Margie Lou Roaf
Natural Science Division Secretary
MacDonald Hall
Gordon College
